

Keithan Philander

Web Designer / Developer

👤 Profile

Passionate about Web Design and Development, I've dedicated myself to mastering HTML, CSS, JavaScript, and WordPress to create engaging and functional websites. Currently enrolled in the GADS Scholarship program for aspiring African developers, focusing on certification as a Mobile Web Specialist. Known for my unwavering work ethic, I thrive in collaborative environments and actively seek innovative problem-solving approaches.

📁 Employment History

Sales Agent at Moir Industrial Agencies

September 2011 – 2021

For over a decade, I've navigated sales and administrative responsibilities, engaging with clients and managing filing systems. Seeking a transition to a more dynamic role that aligns with my growing proficiency in web design and development, having self-taught foundational skills in HTML, CSS, JavaScript, and more recently, WordPress.
